Location: 14088 Icot Boulevard
Clearwater, FL 33760

**Description/Mission:** Using a combination of Montessori-style teaching and a visually oriented curriculum, Blossom Montessori School for the Deaf educates deaf and hard of hearing children, their hearing siblings and children of deaf adults (CODA) to prepare them for a lifetime of success in the community. We believe all communication is important and we accept the responsibility to understand and to be understood by others. Because of this, we focus on developing our students’ skills in both American Sign Language (ASL) and written English.

Blossom believes it is our responsibility to teach deaf and hard of hearing children and to help their parents learn to communicate effectively. We seek to provide an atmosphere conducive to learning, using creative mechanisms that make it easier for children to absorb both concrete and abstract concepts on a variety of levels. A visual style of teaching, coupled with an emphasis on high self-esteem and parental involvement plays a
crucial role in the academic success of deaf and hard of hearing children.

Blossom offers both Pre-school and School-age programs. Each student's program is developed to meet their individual needs with a focus on the development of social, academic, and practical life skills. We believe partnerships with our students, their families and the community are essential in accomplishing our mission.

Blossom Montessori is the only Montessori-based curriculum in the state of Florida focusing on the education and success of deaf students. Blossom is located in Clearwater, Florida and enjoys the many benefits of the Tampa Bay Area.
